EDUCATION

Sri Eshwar College Of Engineering	B.E(CSE)	CGPA 8.46(till 8 th semester)	2020 - 2026
Holy Angel's Matric.Hr.Sec.School	HSC	92%	2020 - 2022
Holy Angel's Matric.Hr.Sec.School	SSLC	91%	2019 – 2020

INTERNSHIPS

MERN Stack - Better Tomorrow	2024
- Learned and applied the MERN stack to develop a full-featured bookstore web application, showcasing adaptability to new technologies. - Demonstrated solid full-stack development knowledge with a focus on delivering high-quality and functional solutions. Tech Stack: React js , Express js , MongoDB,Node js	
AWS Internship(DXC Technologies)	2024
- Acquired practical cloud computing experience via the AWS Management Console. - Configured and managed core AWS services such as EC2, S3, RDS, and Lambda. - Cultivated expertise in cloud architecture design, security practices, and cost optimization. Tech Stack: AWS Management Console	

PROJECTS

GMeet–Trello Team Management Project	2026
- Built an AI-powered meeting automation system to capture live Google Meet captions using a Chrome Extension and process them in real-time. - Applied NLP (spaCy) with Python to extract key points, action items, and automatically assign tasks to team members with Trello integration. Tech Stack: Python, Flask, JavaScript, Chrome Extension (Manifest.json), NLP (spaCy), Trello API, ReportLab, HTML,CSS.	
Blog Application	2025
- Developed a full-stack blog application that allows users to create, read, update, and delete blog posts with secure user authentication. - Implemented features for efficient content management, including editing, and deletion. - Integrated backend APIs and database operations to ensure smooth data handling and real-time updates. Tech Stack: React js, Node js, Express js, MongoDB.	
Real-time Mood Analysis	2024
- Built an AI-driven music recommendation system using webcam input and MediaPipe for real-time mood detection. - Integrated TensorFlow with Streamlit to create an interactive user interface, and incorporated language preferences, favorite singers, and music streaming APIs to deliver personalized song suggestions tailored to the user's emotional state and preferences Tech stack :Python,Tenserflow,Streamlit	

CERTIFICATIONS

Certified in The Complete 2024 web Development Bootcamp	Udemy	2024
Earned a Certification in AWS Cloud Practitioner by Amazon web service	AWS	2024
Earned a certification in Complete Python Bootcamp From Zero to Hero	Udemy	2024
Certified in the Mastering Data Structure and Algorithm Using C and C++	Udemy	2023
Certified in Learn JAVA Programming-Beginner to Master	Udemy	2023
Earned a certification in Affective computing	NPTEL	2025

ACHIEVEMENTS

- LeetCode: Max Rating - 1362 Globe Rating - 657,550 Profile Link - CodeChef: Max Rating - 1033 1 Star Coder Profile Link - HackerRank: Silver Badge in Java, Bronze Badge in SQL Profile Link - Published a conference paper titled “Live Meeting Insights and Action Automation” at the <i>2025 5th International Conference on Ubiquitous Computing and Intelligent Information Systems (ICUIS)</i>, published by IEEE, focusing on real-time transcription, task detection, and automation using AI and Chrome Extension. - Participated in Code-O-Code Hackathon conducted by CIT College (Online Mode) - Participated in 24-hour Hackathon conducted by SNS College.
